## Clin Lab India 2025

**6<sup>th</sup> Edition**

**30th International  
Exhibition & Conference**

Clin Lab India is the exhibition & conference on the topic of Laboratory Medicine, Point of Care Testing, Molecular Diagnostics and Clinical Chemistry. The show is aimed to promote the recent developments and market trends in the in Vitro Diagnostics (IVD) sector and allied areas. This is the 6th Edition of Clin Lab India Conference conducted by Medical Fair India, in its 30th International Exhibiton and Conference

Clin Lab India brings together the leaders in the medical laboratory industry to create connected conversations on Bioeconomy at CLINLAB India Pavilion , Medical Fair India

**Innovations**

**Indigenous  
Technologies**

**Go  
Global**

“ Disruptive Indian Med Tech Innovations are protected by IPs and are attracting investments from global investors ”

“ Developing Indigenous Technologies is the global mantra to address global supply chain challenges and countries are looking at Indigenisation ”

“ Make in India for the World . India Serves Global Communities with Quality, Safe & Affordable Healthcare Solutions ! ”

## Clinlab India 2025 Conference Objective :

The global In Vitro Diagnostics (IVD) market is experiencing steady growth, primarily driven by increasing prevalence of chronic diseases, rising demand for early diagnosis, and a growing adoption of advanced diagnostic technologies, solutions. The market size is projected to grow from approximately \$80.85 billion in 2024 to over \$157.56 billion by 2034, achieving a compound annual growth rate (CAGR) of 6.9% during this period.

The market is also recovering from COVID-19 related disruptions, showing positive trends in core laboratory and Point-of-Care (POC), Home use testing (Self Testing) segments, with emerging markets poised for significant expansion.

### Growth Potential

Emerging markets, particularly in the Asia-Pacific (APAC), Latin America (LATAM), and parts of Eastern Europe, Africa, and the Middle East (EEMEA), present substantial opportunities for IVD companies.

### Region-wise insights:

- Emerging markets: Significant potential for growth due to increasing healthcare spending and growing awareness about diagnostics.
- Developed markets: Focus on innovation and adoption of advanced technologies in established healthcare systems.

The global IVD sector is poised for robust growth, with emerging markets offering significant opportunities due to increasing healthcare demands and technological advancements. However, both emerging and advanced markets face challenges related to regulation, competition, and economic pressures. Strategic investments in innovation and compliance will be essential for companies aiming to thrive in this dynamic landscape.

Clin Lab India Conference is designed to have multiple conversations around the IVD Sector trends in both domestic and global markets. Sub Themes for the Conference will address both Domestic and Global Markets unmet needs that Indian IVD Sector would be catering to.

## Democratizing Diagnostics : The Domestic vs. Global Conundrum

### Conference Themes

#### DOMESTIC

- Rural India
- Bridging the Diagnostic Divide
- Innovative IVD Technologies

#### GLOBAL

- Democratize Diagnostics
- Worldwide Supply
- Innovative Low-cost IVD
- Technologies

This theme highlights the nuances, challenges, and approaches needed to address the needs of similar yet diverse markets.

Sub Themes for the Conference will address both Domestic and Global Markets unmet needs that Indian IVD Sector would be catering to.

### **Sub Theme - DOMESTIC MARKET :**

Bridging the Diagnostic Divide by empowering rural India through Emerging, Innovative IVD Technologies, by fostering public-private partnerships for improved rural healthcare delivery .

### **Sub Theme - GLOBAL MARKET :**

Democratizing Diagnostics focuses on innovative IVD strategies for underserved populations worldwide by adapting emerging, innovative, versatile, low-cost IVD technologies and establishing international collaborations to enhance diagnostic access globally.

## Message from Conference Chair

### Conference Chairperson

#### **Jatin Mahajan**

MD - J Mitra & Co  
Conference Chair - Clin Lab India Expo  
& Conference 2025, Medical Fair India

“

The Year 2025 holds great promise for the Indian IVD industry, which serves both domestic and global communities through innovative and affordable IVD technologies.

Diagnostics are becoming more personalized and getting closer to community settings with faster turnaround times to enable timely treatment, both in urban and rural settings.

Clinlab acts as a growth enabler for the IVD sector by creating collaborative engagements with industry, academia, and innovators through meaningful dialogue with the government, policymakers, and regulators.

Join the eclectic gathering at the 6th edition of the Clinlab India 2025 Conference for more deliberations, networking, and camaraderie.

I look forward to meeting you all.

”

## Program Outline

09:00AM - 10:30AM

Registration

10:30 AM - 10:40 AM

### Welcome Note

- Conference Chair - CLINLAB India 2025

## Technical Session 1 : Democratizing Diagnostics: The Domestic vs. Global Conundrum

10:40 AM - 11:00 AM

### Speaker :

#### Navigating the Dual Mandate:

Balancing Affordability and Quality in the Indian IVD Market

11:00 AM - 11:20 AM

### Speaker :

#### Domestic Focus:

Reaching the Last Mile - The Rural India

11:20 AM - 11:40 AM

### Speaker:

#### Beyond Borders: Affordable Diagnostics

Innovative Pricing Models and Cost-Effective Manufacturing

11:40 AM - 11:50 AM

Q & A

11:50 AM - 12:20 PM

### Key Note Address :

#### Indian IVD Manufacturing :

The Goldilocks Moment

12 20 PM - 01 00 PM

### Panel Discussion :

#### Affordable Diagnostics :

Role of Medical Device Parks in fostering Innovation and reducing Manufacturing Costs

01 00 PM - 2 00 PM

Lunch

CLIN LAB  
EXPO  
CONFERENCE

DIAGNOSTICA  
*in-vitro*  
Diagnostics Pavilion

Date : March 28th 2025, Friday  
10 00 am - 05 00 pm

## Program Outline

### Technical Session 2 :

**DOMESTIC: Bridging the Diagnostic Divide by empowering rural India through Emerging, Innovative IVD Technologies**

02:00 PM – 03:00 PM

#### **Panel Discussion :**

Strategies for improving access to diagnostics for underserved populations.

03:00 PM – 03:10 PM

#### **New Technologies Showcase**

### Technical Session 3 :

#### **GLOBAL : Democratizing Diagnostics**

**- Innovative IVD strategies for underserved populations worldwide by adapting emerging, innovative, versatile, low-cost IVD technologies**

03 10 PM – 04 10 PM

#### **Panel Discussion :**

##### **Go Global Focus :**

Emerging Technologies that could redefine diagnostics in India, such as Telemedicine integration

04 10 PM – 04 40 PM

#### **Fire Chat Session:**

##### **Global Standards:**

Aligning with International Quality and Safety Regulations, Testing , Certifications

04 40 PM – 04 50 PM

#### **New Technologies Showcase**

04 50 PM – 05 00 PM

#### **Vote of Thanks**

Conference Entry by  
Prior Registration

CLIN LAB  
EXPO  
CONFERENCE

DIAGNOSTICA  
*in-vitro*  
Diagnostics Pavilion

## Delegate Registration

Fee - Rs 1100 per delegate

### Who should Attend ?

- IVD , Biotech companies - Management & Technical Personnel
- Healthcare Services - Management & Technical Teams from Clinical Labs/Hospitals/Blood Banks/CROs/Medical Colleges/Home Healthcare Companies and Other Healthcare Organisations
- Academia - Startups, Innovators from Medical Devices, IVD, Biotech space
- Government Representatives
- Consultants, Regulatory Affairs, EXIM , Legal Professionals, Technical Experts
- Other stakeholders

### Registration Instructions

#### Step 1 - Pay Delegate Fee

Fee per person - Rs 1100 (including GST)

#### Step 2 - Register

Scan the QR Code to register for the conference
