# THE INDUSTRY & OVERVIEW

The Indian Medtech Industry was estimated to be \$10.63 Bn in 2020 and is expected to reach \$50 bn by 2025

The Healthcare industry in India comprises of hospitals, medical devices, clinical trials, outsourcing, telemedicine, medical tourism, health insurance, and medical equipment. The industry is growing at a tremendous pace owing to its strengthening coverage, services and increasing expenditure by public as well as private players.

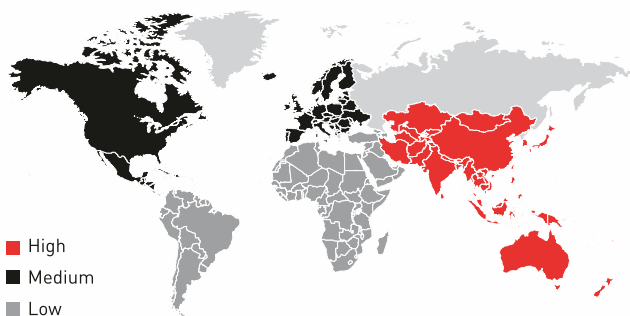

The healthcare and medical device sectors have grown significantly in the last decade. There is a huge gap in the current demand and supply of medical devices in India and this provides a significant opportunity for manufacturing devices in India.

At present, many medical device manufacturers (domestic and international) are chasing this massive under-penetration of medical devices in India as a significant growth opportunity.

The Medical Devices Market size is estimated at USD 637.04 billion in 2024, and is expected to reach USD 893.07 billion by 2029, growing at a CAGR of 6.99% during the forecast period (2024-2029).

The size of the Indian medical devices market is estimated at USD 11+ Billion and is expected to grow to USD 50 Billion by 2025. The sector has been growing steadily at a CAGR of 15% over the last 3 years. India is the 4th largest market for medical devices in Asia, among the top 20 markets globally. Asia Pacific is estimated to grow at the highest CAGR over the forecast period (2024-2029).

## Medical Devices Market - Growth Rate by Region

## Medical Devices Market Market Size in USD Billion CAGR 6.99%

Study Period	2019 - 2029
Market Size (2024)	USD 637.04 Billion
Market Size (2029)	USD 893.07 Billion
CAGR (2024 - 2029)	6.99%
Fastest Growing Market	Asia Pacific
Largest Market	North America

# INDUSTRY SCENARIO

The size of the Indian medical devices market is estimated at \$11 Bn, and is expected to grow to \$50 Bn by 2025 and the sector has been growing steadily at a CAGR of 15% over the last 3 years

Medical devices are segregated into five major segments:

- Consumables & Disposables include needles and syringes, etc
- Diagnostic Imaging includes MRI, X-Ray, Ultrasounds, etc
- Dental Products includes dentures, braces, etc
- Orthopaedics & Prosthetics include knee implants, artificial joints
- Patient Aids include hearing aids and pacemakers, etc

The current market size of the medical devices industry in India is estimated at \$11 Bn. India is the fastest growing medical devices market amongst the emerging markets. The medical devices industry in India consists of large multinationals as well as small and medium enterprises (SMEs) growing at an unprecedented scale.

## Investment Opportunities in Healthcare

The export of medical devices sector has been growing at a CAGR of 9-11% over the last 5 years. India's expected export of medical devices will reach ~ \$10 Bn by 2025.

### Opportunity at Clin Lab – Diagnostica Pavilion

The Indian medical diagnostic equipment industry is expected to reach close to \$6 billion by 2027, up from about \$4 billion in CY23, supported by multiple favourable factors.

Indian medical devices sector's contribution has become even more prominent since India supported the domestic and global battle against COVID-19 pandemic through the production of medical devices & diagnostic kits, such as ventilators, Rapid Antigen Test kits, RT-PCR kits, IR thermometers, PPE kits & N-95 masks.

The diagnostic equipment market in India will grow at a CAGR of about 12 per cent in the next four years, according to estimates of Praxis Global Alliance, a next-generation management consulting and advisory services firm.

The clinical and immunoassay segments are projected to be the largest, each with a market size of about \$1 billion CY27. Other high-growth segments include clinical chemistry, immunoassay, and histopathology, with projected CAGRs of 14 per cent, 16 per cent, and 18 per cent respectively.

Market size expected to reach \$50 Bn by 2025

India is the fastest growing medical devices market amongst the emerging markets

## LEGACY OF MEDICAL FAIR INDIA

MEDICAL FAIR INDIA is held alternately at venues in Mumbai and New Delhi every year. As part of the MEDICAlliance family of medical fairs, it is organised by Messe Düsseldorf India in cooperation with the team of the world's largest medical fair MEDICA.

 <p><b>67</b> Visiting Countries</p>	 <p><b>4</b> Conferences</p>	 <p><b>106</b> Speakers</p>	 <p><b>310</b> Delegates</p>

# EXHIBITORS OBJECTIVES & FEEDBACK

**89%**

Exhibitors were satisfied with the quality of visitors

**74%**

Exhibitors were satisfied with the overall management of the exhibition

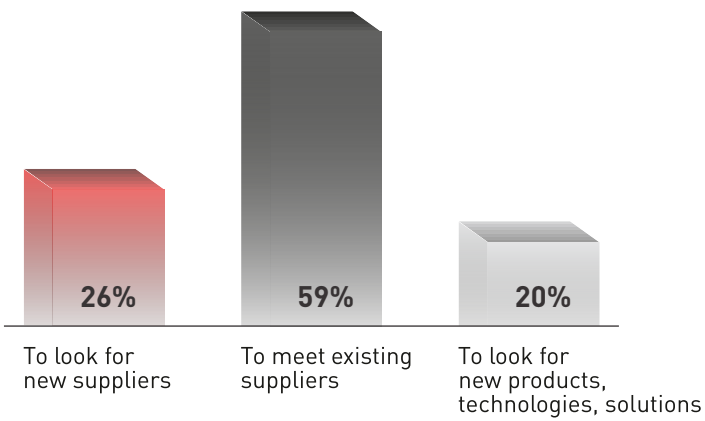

## EXHIBITOR PROFILE

- Medical Equipment & Devices
- Medical Technology, Healthcare IT Systems & Solutions
- Hospital & Healthcare Infrastructure
- Pharmacy, Dispensary Equipments and Furniture
- Disposables & Consumer Goods
- Imaging & Diagnostics
- Laboratory , Analytical Equipments and Products
- Measuring & Testing Equipments
- Life Sciences and Biotechnology
- Rehabilitation, Orthopaedics & Physiotherapy
- Components

# VISITORS OBJECTIVES & FEEDBACK

## Objectives of Visitors

**82%**

Visitors were satisfied with MFI 2023 and would recommend it to their Colleagues and business partners

**74%**

Visitors were satisfied with new products, technologies and solutions displayed at MFI 2023

**87%**

Visitors were satisfied with the overall exhibition – it met their expectations

## VISITOR PROFILE

- ✦ Doctors, surgeons & practicing physician
- ✦ Medical laboratory, Pathologist
- ✦ Dentists, Dental surgeons, Dental technicians
- ✦ Manufacturer, Distributors & Traders
- ✦ Physiotherapists and Ergotherapists
- ✦ NGOs for rehabilitation aids
- ✦ Hospital directors & procurement managers
- ✦ Government associations & International agencies
- ✦ Biologists, microbiologists, bio-chemists
- ✦ Veterinarian

# SPECIAL SHOWS

## AiMeD - Make In India Pavilion

'Make in India' Pavilion, supported by Association of Indian Medical Device Industry (AiMeD) will form 'Make In India' pavilion at Medical Fair India 2025, this would be the 8<sup>th</sup> consecutive year of the pavilion with a bigger space and representation at the Bharat Mandapam, New Delhi. 'Make In India' pavilion will continue showcasing the limitless potential of Indian companies in the areas of design, innovation, manufacturing and export hub.
